

## CAMPERS CHATTER

### **Alartsoewer, Rawsonville 4<sup>th</sup> to 6<sup>th</sup> December 2020**

Thank you Helen for the camp report.

#### **CAMPERS:**

Helen Constantinides  
Joe & Cheryl Faktor

Trevor & Sandy Biggs  
Wayne, Dawn, Aiden & Erin Smith

Well after a 9 hour hard day at work I eventually packed my car and arrived at camp round 19h00. Dr Wayne and family arrived first with the Bigg's hot on their heels. **FOR THE RECORD: This is the FIRST time EVER that the Smiths have arrived first at camp** - if Trev and Sandy didn't stop in Rawsonville this unique event would not have happened. Lots of waving and hooting as the Amarok drove past the Biggsies. 😊 Joe and Cheryl arrived later in the afternoon.

Beautiful views stretching across the valley. Lovely grassed sites with shade and clean bathrooms.

Each site has a lockable shower, toilet and wash basin cubicle. Newly tiled and spotless.

Communal inside and outside washing up.

After dinner Joe made a cracking fire to keep us warm as there was a chill in the mild wind blowing.

Woke up to a beautiful hot quiet day. Yay no wind. The Smiths went for a Joll and lunch whilst the rest of us chilled around camp.

The Smiths arrived back late afternoon from Supporting the Local Economy. To cool off Wayne went scuba diving and swam quite a few laps in one of the camp site pools. He was quite spent (and dizzy) afterwards.

The weather on Sunday morning was once again beautiful.  
A very relaxing weekend was had by all.

No fines this weekend.
