

## CAMPERS CHATTER

**"TORPEDO" (near Rawsonville)**

**22 – 24 March 2019**

**Thank you Helen for the camp report.**

### CAMPERS:

Gianni & Sally Carchesio  
Craig & Rina Wilson

Helen Constantinides  
Johnny & Sandy van Rooyen

Arrived at camp to nearly join another group of campers. Found our group Johnny, Sandy, Gianni & Sally. Rina and Craig joined later and settled in.

Then a stranger named Alan joined us and Gianni tried to palm him off with Helen. Sally you need to educate Gianni on how to pick up men for woman. All he wanted was to bum a smoke after having stopped smoking for 6 hours. His wife was sitting 50 meters from us.

A few hours later Alan was back, however Rina decided he had to strip off his T shirt, flash his hairless chest show his abs and he can get another smoke. Needless to say the desperate man succumbed.

Johnny had a problem finding a decent braai as there were wheelbarrow, lawnmower and kitchen sink braais.

And the winner was the sink braai.....

After a refreshing swim in the river all swimmers showered at the Wilsons camp Coco included.

Boule was played and we all let Johnny win. Congratulations once again Johnny. Sally thanks for keeping the camp next door entertained with your short dress playing Boule.

Thanks to the chairman for his welcome even although they were not camping. Isn't WhatsApp video wonderful!!

Its going to snow very soon the Wilsons oxtail potjie was ready and eaten before anyone had dinner. Well done Craig.

Sally your Muscadel playing tricks on you? Your dinner plates changed into side plates?

Gianni won the challenge at Cards Against Humanity. Congratulations.

Fun was had by all with great weather once again and we all departed well rested.

Until next month see you at Ganzakraal.
